## Shark Tank Event – First Edition at HUS

DEAR STUDENT,

Happy to connect with you again.

On January 8, 2025, HUS hosted its inaugural Shark Tank event, an exciting and **innovative platform for budding entrepreneurs** to present their **creative business ideas**. This unique initiative, inspired by **Ms. Kalpana**, the DP coordinator, aimed to encourage students to harness their creativity, critical thinking, and collaboration skills, all the while engaging in real-world entrepreneurial practices.

The event had experienced sharks with the **PTA President Ms. Radhika Sanyal** being one of them. She was joined by our dedicated faculty members, **Mr. Gautam, Mr. Kathiravan, and Ms. Sowmya**, who participated as judges, providing invaluable feedback and insights to the aspiring entrepreneurs.

The Shark Tank experience was spearheaded by a group of enthusiastic **DPI students**, lovingly referred to as the **Shark Tank Committee, comprising Ruhee, Sarayu, Vahin, Usang, and Saavi**. Under the mentorship of **Ms. Adithi Ramesh**, the DP Economics Faculty, these students showcased remarkable leadership and organizational skills as they planned and executed the entire event as part of their **CAS** (Creativity, Activity, Service) personal project.

Throughout the event, participants presented innovative ideas revolving around contemporary themes such as **artificial intelligence, globalization, business ethics, and sustainability**. This not only showcased the students' creativity but also their awareness of pressing global issues, reflecting a modern approach to business.

The Shark Tank event has added a new dimension to experiential learning at HUS, and we look forward to seeing how this initiative evolves in the years to come.

# Parent-Teacher Meeting (PTM)

## MYP 1 TO MYP 4: A COLLABORATIVE SUCCESS

The recently conducted Parent-Teacher Meeting (PTM) for MYP 1 to MYP 4 was a remarkable opportunity to strengthen the bond between parents, teachers, and the school community. Held from 07th Jan, 2025 to 10th January 2025, the event was designed to facilitate meaningful discussions about **students' academic progress, personal development, and overall well-being**.

Teachers shared detailed insights into individual student performances, emphasizing their achievements while offering suggestions for areas of improvement. Parents appreciated the personalized attention and the comprehensive feedback provided by the educators.

The **PTM also highlighted the importance of fostering a supportive environment at home and school to nurture students' curiosity, creativity, and confidence**. Through open communication and shared commitment, the PTM reinforced the collaborative efforts necessary for the holistic development of our learners.

The school extends its heartfelt gratitude to the parents for their enthusiastic participation and to the teachers for their dedication and professionalism in making the PTM a meaningful and productive event. Together, we continue to inspire our students to reach their fullest potential.

# PONGAL CELEBRATION

The Pongal Celebration at HUS was a vibrant display of culture and joy. Students from **PYP 3, 4, and 5 showcased their talents through speeches, songs, and dance performances.**

PYP 1 students enthusiastically participated in the celebration by creating colorful depictions of Pongal celebrations across different states of India. PYP 2 students brought crops representing festivals such as **Pongal, Makar Sankranti, Lohri, Poush Sankranti, and Uttarayan, adding to the cultural richness of the event.**

Our **EYP children enjoyed** the festivities by making kites, symbolizing the joy and spirit of the occasion. **Teachers joined in with a lively group dance, creating a sense of unity and excitement.**
