

WELCOME TO DIRECTOR'S

Weekly Newsletter

we're so glad you're here!

DEAR STUDENT,

Student Council Speeches

The highlight of the week was the Student Council Election, a significant event that marks the selection of new members of the council by the school through voting.

The nominees for the various roles of the council **delivered speeches** in the school assembly to garner support for them.

The whole school voted through the traditional **ballot box method** to elect the new members.

Student Council Election

VOTING

It was heartening to see the **enthusiasm and energy of the students** while they cast their votes and I hope their excitement will be intact when they grow and vote to elect leaders for our country. The election reminded the students of the power of choice and reinforced the faith in democracy where every one's voice is heard and every one's vote is counted. I **thank Mr. Maharaj** for successfully spearheading the election process and **Ms. Dollina and Ms. Vaishnavi** for their assistance in the preparation process and smooth conduct of the election.

Class Observation

PYP PARENTS

The class observation by PYP parents is a bold initiative that very few schools can claim to practice. It shows the **conviction and commitment** the school has in its teaching and learning practices and the confidence in the implementation of those practices to improve student learning.

The **feedback from parents** is taken in the right spirit and is used to enhance our efforts in providing quality learning experiences to our students.

Artwork Learning

The **students of Grade 7** did an investigation on their favourite artist's style of work and the elements that made the artwork unique. They gained valuable information as to how the various elements like line, shape, form, texture and colour can impact the artwork profoundly in combination with each other. They made individual presentations to their peers, showcasing their Communication and Research skills. I appreciate our **Arts Teacher Mrs. Anitha** for conceiving and implementing this activity.

State Level Achievement

SILAMBAM

HUS prides itself in having exceptional talents in sports and the recent testimony to that fact is the achievement of our **DP 2 student Manasa Kannan** who bagged the **First Place** in the State Level Silambam Open Championship under the **Double Stick** Category. She also won **Second Place** in the Silambam **Individual Event**. HUS wishes Manasa many more laurels in the long run.

CERTIFICATE

Every week I **will keep highlighting** the wonderful learning experiences our children go through in their classes.

As I conclude my newsletter I **wish you a Wonderful Weekend!**
